

## **Magdalena Daccord**

Magdalena Daccord is the Chief Executive of FH Europe, the European FH Patient Network, an England and Wales registered charity. She brings a strong cross functional healthcare experience from the non-profit organizations and pharma industry in marketing, operations, events, regulatory and patient advocacy. Throughout her professional and volunteering life Magda has collaborated closely with various associations, charities and foundations - mostly in healthcare, sports and health prevention (e.g. WHF, EAS, ESC, ERA EDTA, EHA, ESOT, ESPN, Age UK, DIA, Volontaires Sportifs). She has been responsible for anything from small internal events to big international commercial conferences and product launches, to strategy building and innovative solutions implementation. She knows the non-profit sector both from the volunteer's and the leader's perspective.

Since becoming a mom, she is actively involved in the area of gender parity, women empowerment and personal development as Regional Lead with Thrive with Mentoring and an Advisor in the European Board with Healthcare Businesswomen Association.
